

# LAKESIDE®

## ASSEMBLY INSTRUCTIONS

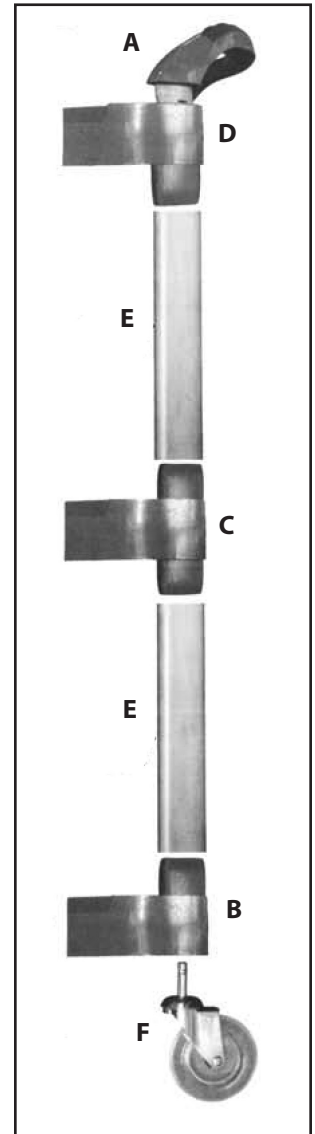

### Models 2510 & 2512

#### Parts Included:

Key	Description	Qty
A	Handle	2
B	Bottom Shelf	1
C	Middle Shelf	1
D	Top Shelf	1
E	Corner Post	8
F	Caster	4

#### Cart Components

1. Place **Bottom Shelf** top side down on the floor and insert four **Casters** (F) into caster mount holes in shelf corners until the stems snap into place. (Figure 1)
2. Turn bottom shelf over so that casters are on the floor and insert four **Corner Posts** (E) onto post flanges on the shelf. Be sure to match 'A' and 'B' ends of corner posts (noted by small red letters) to corresponding bottom shelf flange. Press corner posts onto flanges so that flanges are fully inserted into corner posts. (Figure 2)
3. Place **Middle Shelf** (C) over corner posts. Be sure to match 'A' and 'B' ends of corner posts (noted by small red letters) to corresponding shelf flange. Press middle shelf down so that shelf flanges are fully inserted into corner posts. (Figure 3)
4. Insert four **Corner Posts** (C) onto post flanges on the shelf flanges. Be sure to match 'A' and 'B' ends of corner posts (noted by small red letters) to corresponding middle shelf flange. Press corner posts onto flanges so that flanges are fully inserted into corner posts. (Figure 4)
5. Place **Top Shelf** (D) onto corner posts. Be sure to match 'A' and 'B' ends of corner posts (noted by small red letters) to corresponding top shelf flange. Press top shelf down so that shelf flanges are fully inserted into corner posts. (Figure 5)
6. Place **Handles** (A) onto top shelf ends and press handle flanges into top shelf holes until flanges snap into place. (Figure 6)
