WHY CHOOSE PRISON BILT®

At PrisonBilt, we specialize in one thing and one thing only—serving the corrections industry. Every product we develop is purpose-built to meet the exacting demands of correctional facilities, with no compromises on safety or durability. Before a single item enters your facility, it has been rigorously tested to meet stringent engineering specifications designed specifically for the challenges you face.

Our products are crafted using heavy-gauge stainless steel, rugged diamond tread aluminum, and our signature PrisonBilt heavy-duty casters. With fully-welded construction and tamper-resistant components, our equipment is made to withstand the harshest punishments while ensuring the safety of both your staff and inmates.

Let's share in this responsibility together and make correctional facilities safer and stronger.

Choose excellence in correctional equipment.

Choose PrisonBilt.

STAINLESS STEEL CAN RACKS

Keep your can inventory organized with a simple, first-in-first-out system that boosts efficiency and keeps your stock fresh.

GRAVITY FEED SYSTEM

Always have cans within reach thanks to the gravity feed system, which ensures seamless access by automatically guiding cans to the front.

FIRST-IN, FIRST-OUT INVENTORY MANAGEMENT

Prevent expired or forgotten items by maintaining proper rotation with easy back-loading, so nothing goes to waste.

OPTIMIZED WORKSPACE

Sturdy, removable tops in stainless steel or polyethylene offer additional workspace, making these racks a functional must-have for correctional kitchens. Mobile models move easily for convenient loading and floor cleaning.

Item #	Description	Capacity	Overall Size			Case Weight		Case Cube	
			W	L	H	LBS	KG	Cu Ft	m3
PBCR1	Mobile for #10 & #5 Cans	72 ea. #10 Cans 96 ea. #5 Cans	26"	40-1/8"	41-1/4"	130	(59)	26.8	(.8)

RACK DOLLIES

PrisonBilt constructed rack dollies are the ideal solution for securely storing and transporting cup/glass racks with ease.

DESIGNED FOR CUP/DISH RACKS

Built to store and transport 20" x 20" (508 x 508 mm) cup/dish racks, with a robust weight capacity of 200 and 400 lbs.

SAFEGUARDED MATERIALS

Tamper-proof security screws safely secure heavy-duty 6" casters at base of platform.

HIGHEST LEVEL OF DURABILITY

Outer shell is formed of the most rugged, 12-gauge stainless steel for unwavering strength – while braces provide enduring support.

Item #	Platform Size			Load Capacity	Overall Size			Case Weight		Case Cube	
	W	L	H		W	L	H	LBS	KG	Cu Ft	m3
PBGRD1	20-3/4"	20-3/4"	1"	200 lb (91kg)	27"	21"	32"	28	(12.7)	4.4	(.12)
PBGRD2	20-3/4"	20-3/4"	1"	400 lb (181 kg)	27-1/2"	21"	32"	32	(14.5)	4.4	(.12)

EXTREME DUTY® STEAM TABLES

Outfitted for maximum security, these steam tables feature a vandal-proof power switch for reliable performance.

UNMATCHED DURABILITY

Fully welded stainless steel construction ensures exceptional durability and resistance to corrosion, even in the most extreme settings.

VANDAL-PROOF POWER SWITCH

Safeguard your settings with the unique power-up/power-down switch, letting you lock in cooking controls while still allowing the table to be turned on or off securely.

PRECISION TEMPERATURE CONTROL

Each well is equipped with an individual thermostat for customized temperature settings, all managed by a master switch with an indicator to maintain safe food temperatures.

Item #	Description	Overall Size			Case Weight	Case Cube
		W	L	H	LBS	Cu Ft
PBST4W	4 Well Electric Steam Table	31-3/4"	64-1/2"	34"	230	40.73
PBST3W	3 Well Electric Steam Table	31"	50-1/4"	34"	200	31.85

OPEN TRAY DELIVERY CARTS

Safely transport meal trays with confidence and economically using our open tray delivery carts.

NOTCHED SHELVES

Compatible with optional hold-down straps to keep trays securely in place during transit.

CORNER GUSSETS

Added structural reinforcement for enhanced durability and longevity.

REINFORCED SHELVES AND CROSS MEMBERS

Engineered to handle the toughest conditions without compromising functionality.

Item #	Shelf Size		Overall Size			Size	Casters Type
	W	L	W	L	H		
PB37	29"	37"	30"	39"	41"	6"	2 fixed 2 swivel w/brake
PB51	29"	51"	30"	53"	41"	6"	2 fixed 2 swivel w/brake

TRAY DRYING RACKS

Experience quick organization and drying with our PrisonBilt designed tray drying racks.

1" X 1" ALUMINUM TUBE FRAME

Built to provide superior durability and long-lasting strength.

U-BRACES

Reinforce each shelf for maximum stability and support.

DURABLE SHELF DIVIDERS

Crafted from .080 sheet to keep trays securely in place and prevent altering.

Item #	Description	Overall Size		
		W	L	H
PBTDR84	1.5" spacing, 84 tray openings	24"	48"	80"
PBTDR54	3" spacing, 54 tray openings	24"	60"	80"

BOWL STANDS

PrisonBilt's mobile mixing bowl stands combine practicality with superior durability, integrating large-batch food prep while withstanding in the harshest environments.

SUPERIOR MOBILITY

Effortlessly move bowl stands to the worksite or storage with ease.

ERGONOMIC DESIGN

Enjoy a spacious 33" working height and a top cutout that accommodates 30-quart or 80-quart bowls (sold separately).

HEAVY-DUTY CASTERS

Equipped with 4" PrisonBilt casters to handle and transport the heaviest loads smoothly.

Item #	Accommodates	Overall Size		
		W	L	H
PB712	30 QT. Bowl	32"	32"	33"
PB713	80 QT. Bowl	32"	24"	33"

STAINLESS STEEL SHEET PAN RACK

Allow proper air flow to your sheet pans with PrisonBilt's sheet pan drying rack.

FULLY WELDED STAINLESS STEEL RACK

Built to last with exceptional durability and a long lifespan, even in demanding environments.

0.25° SLOPE TO REAR OF RACK

Cleverly engineered for efficient water drainage, ensuring cleanliness and safety.

HEAVY-DUTY 5" CASTERS

Designed with tamper-resistant hardware for easy mobility and secure placement.

Item #	Description	Overall Size		
		W	L	H
PB848	1.5" spacing, 120 pan capacity	63-1/2"	26"	58-3/5"

ALUMINUM PLATFORM TRUCK

Made to endure the extreme conditions of correctional facilities, this heavy-duty aluminum platform truck features a unique diamond tread design.

EXCEPTIONAL 2600-LB LOAD CAPACITY

Handle even the heaviest transportation tasks with ease.

EFFORTLESS MANEUVERABILITY

Tubular push handle and offset wheel design make operating the truck smooth and reduce the risk of tipping.

ALL-WELDED ALUMINUM CONSTRUCTION

Rust-resistant and built to withstand the toughest conditions without compromising performance.

Item #	Description	Overall Size			Case Weight	Case Cube
		W	L	H	LBS	Cu Ft
PB991	2600 lb weight capacity	30"	66-1/2"	41-1/2"	169	47.92

ALUMINUM OPEN PAN RACK

This aluminum open pan rack's superior construction is built to last and guaranteed for long service life.

PREMIUM ALUMINUM CONSTRUCTION

Offers unyielding strength while resisting rust and corrosion for reliable performance over time.

REINFORCED UPRIGHTS

Built with 1-1/2" x 2" square tubing to deliver maximum durability and sturdy support.

HEAVY-DUTY CASTERS

6" tamper-resistant casters with a 1,000-lb weight capacity for secure and smooth mobility.

Item #	Description	Overall Size			Case Weight	Case Cube
		W	L	H	LBS	Cu Ft
PBPR988	Open Pan Rack	21-1/2"	29-1/2"	66"	83	24.41

ALUMINUM ENCLOSED PAN RACK

Unmatched strength and smooth transport make this aluminum enclosed pan rack perfect for food delivery and storage in correctional facilities.

DURABLE YET LIGHTWEIGHT ALUMINUM CONSTRUCTION

Built with fully welded aluminum with sealed seams to provide superior strength without the added weight. Transporting pans has never been safer or easier.

HOLDS UP AFTER REPEATED USE

Stainless steel hinges are designed to endure constant use, providing a rugged hold every time.

TAMPER PROOF SECURITY MEASURES

Padlock holes in door and heavy-duty 6" casters with tamper-resistant screws offer consistent, worry-free security for correctional facilities.

Item #	Description	Overall Size			Case Weight	Case Cube
		W	L	H	LBS	Cu Ft
PBPR990	Enclosed Pan Rack	20-1/2"	29-1/2"	70"	132	25.9

EXTREME DUTY STAINLESS STEEL UTILITY CARTS

Extreme Duty stainless steel utility carts are reinforced with square tubing and a unique U-shaped design.

SUPPORTS UP TO 1,500 LBS

Engineered with a robust U-shaped frame design and full bead-welded joints, these carts deliver exceptional structural integrity to handle the heaviest loads with ease.

SUPERIOR DURABILITY

Reinforced 1" square tubing under 14-gauge shelves ensures resistance to heavy impacts—even when objects are dropped on the edges.

PRY POINTS? GONE FOR GOOD

Our continuous, fully welded joints make sure there are no pry points, delivering unrivaled durability and security.

Item #	Shelves	Shelf Description		Overall Size			Case Weight		Case Cube	
		Size	Clearance	W	L	H	LBS	KG	Cu Ft	m3
PB1500	2	21" x 33"	24-5/8"	21-1/4"	36-1/2"	37-7/32"	98	(44)	25.6	(.99)

ALUMINUM UTILITY CARTS

Built for the toughest tasks, these two-shelf aluminum utility carts combine incredible strength with durability.

IMPRESSIVE 2,000-LB ROLLING CAPACITY

Built to handle up to 1,500 lbs per shelf with ease, these carts feature heavy-duty construction designed for maximum performance.

REINFORCED DURABILITY WITH 1-3/4" TUBULAR FRAME

Our high-strength tubular frame enhances durability, ensuring these carts excel in the most rugged environments.

MULTI-FUNCTIONAL VERSATILITY

Specifically constructed for use in coolers, freezers and dry storage with rust-proof aluminum design.

Item #	Overall Size			Case Weight	Case Cube
	W	L	H	LBS	Cu Ft
PB2237	22"	37-1/2"	41-3/4"	74	26.95
PB2937	29"	37-1/2"	41-3/4"	69	24.4
