# Space-Saving Deluxe Case Carts

## Open the Doors to Efficient Storage in the Operating Room

### Why Choose Our Deluxe Case Carts?

#### Durability

- 1. All-Welded Stainless Steel:** Resistant to corrosion and stains, exemplifying superior strength and durability for long-term use.
- 2. Base Corner Bumpers:** Our four-corner bumper design simplifies maintenance, allowing you to replace a single bumper rather than the entire piece, saving you time and money in the long run.

#### Cleanability

- 3. Easy Interior Cleanability:** Flat interior is completely flush, which means NO recessed panels, making sanitation and drying effortless.
- 4. Hold Open Latch:** Keeps the door(s) securely open for hassle-free cleaning, loading, and unloading. Plus, no pinch points!

#### Mobility

- 5. Medical Grade Sealed Casters by Colson:** Offer smooth rolling and easy maneuverability in tight spaces, ensuring silence in operating rooms. Equipped with two directional and two braking casters. Perfect for any case cart washer!
- 6. Ergonomic Dual Push Handles:** Designed for around-the-clock operator comfort, these handles are positioned within the corner bumpers, enabling smooth, seamless transport.

#### Modifiable & Custom

- 7. Variety of Shelving:** Configure from wire, solid, or perforated shelves to meet your exact storage needs. All shelves are slide-out and height adjustable.
  - **Wire:** Promote excellent airflow, which is beneficial for maintaining sterile conditions.
  - **Solid:** Provide a flat, stable surface, ideal for transporting items that need to remain stationary.
  - **Perforated:** Allow some airflow while providing strong stability.
- 8. Choice of Doors:** Choose between solid stainless steel or fully polycarbonate clear doors.
  - **Solid Stainless:** Ensures total privacy for contents and endures heavy-duty use. Easy to clean and sterilize.
  - **Fully Polycarbonate Clear:** Allows quick and easy content identification while withstanding high temperatures and frequent cleaning.

**Optional Accessories:** Enhance functionality with a complete line of accessories (See Page 4)

**Dimensions:**

Shelf width: 43-1/2"  
Height: 58"

# Don't Forget to Add These Options to Your Cart!

Make sure to fine-tune your cart's functionality and safety with our top-notch accessories. Designed to make your team's workflow more efficient and hygienic, these add-ons are perfect for any operating room setting.

## Door Gasket

This optional feature is especially useful for hospitals where air quality can affect the cleanliness of surgical supplies. Door gaskets provide an extra layer of defense against dirt and dust, ensuring a complete seal around the door. Compatible with all cart washers and safe for use with standard cleaners.

## ID Holder

Boost operation room efficiency with an ID holder for easy access to patient identification and supply information. This feature helps staff quickly locate the correct cart needed for specific surgeries, streamlining the entire process.

## Clean/Dirty Indicator

Reduce cross-contamination risks with our clean/dirty indicator. This simple accessory helps you easily identify the status of your cart, ensuring proper hygiene protocols are followed at all times.
